DECEMBER NEWSLETTER 2020

South Africa Opens up its borders for International Traveling

After 7 months Schoongezicht breathes a massive sigh of relief as International travel restrictions to South Africa have finally been lifted but under Strict COVID 19 health Protocols.

For us to predict what the precise protocols going to be for next year are impossible but currently you need a Negative COVID-19 test not older than 72 hours from the time of departure. As every country also have its own protocols there are still a lot of unanswered questions

As all of you know this was the most challenging year since the start of Schoongezicht back in 2001, but we are extremely grateful for the continues support of not only South African local hunters but also from all our friends and hunters around the world. We had numerous phone calls and messages from all our friends around the world. We really appreciate it.

I know that there is a lot of Hunters who can't wait to get the African soil under their feet again, but I also believe that it might be the best time to do your first hunt in Africa. As the most of South African hunters are hunting for meat we did not hunt as much trophy animals as normal and I am predicting that we will see some spectacular animals being hunted next year.

In our previous newsletter I encouraged hunters to come as early as possible in the season and we will try our best to make it as affordable as possible, without compromising quality. Cliff from Savuti Taxidermy are also giving an extra discount on early work. Thanks to everyone who already booked their hunt and I cannot wait for your arrival in January 2021.

We also finished the video by Africa's Sportmans Channel, and it is currently running on YouTube as episode 62. For you that have not been at Schoongezicht this will give you an insight of not only the terrain but also about the operation.

We are also immensely proud to launch our own You Tube Channel currently under <https://www.youtube.com/channel/UCO34nwbmxu1MDOZM14kpilA>, but you will also be able to get it on our website under

In our quest to create one of the best Hunting Destinations in South Africa we are pleased to announce that we are currently in negotiations to open even more hunting land extending the Schoongezicht Private land to an excess of 10 000 ha (25 000 acres).

To all our loyal Customers and friends in the Hunting Industry we want to wish you all a Merry Christmas and prosperous new year.

The survival of Conservation in Africa through hunting depends on you as hunters now more than ever, and we encourage all our friends to come and visit Africa. We at Schoongezicht really hope to hear from you soon!

Greetings

George
